Speaker Testimonials

It was a wonderful event, very well managed and attended by some of the best industry leaders from around the country. I look forward on being a part of more such CeBIT events in the near future.

~ **Saket Modi. Co-Founder & CEO Lucideus Tech.**

Excellent initiative by CeBIT to educate industry leaders to adopt technology for increasing efficiency. This kind of initiatives will help Indian industries to compete in global market.

~ **Ashis Kumar Ray. CTO, mjunction Services Limited.**

It has been a pleasure to be a part of the conference. It has been an enriching experience for security enthusiasts like me to share my experience with the attendees, as well as get to know about their experiences, expectations & issues regarding information security.

~ **Sandeep Sengupta. Co-founder, Indian School of Ethical Hacking.**

Delegate Testimonials

I feel that it was an amazing session from where I acquired so much knowledge about the rapid transformation in IT field which will help all the organization to sustain in the market with respect of their business growth

~ **Pradip Kumar Sarkar. CIO, Tata Metaliks limited.**

It was a very informative conference which focuses how IT has become a major portion of everyday life. Information technology is essential part of any business where it plays a major role in the management and upkeep of huge amounts of information.

~ **Rajesh Varma. Manager IT, Arohan Finance Services (P) Limited.**

I had the pleasure to attend the CeBIT at Kolkata. Both the sessions were interesting and educative. The moderators and panelists were very good and dissected the topics very nicely. Indeed, it was a wonderful learning experience for me.

~ **Ranjan Goenka. Director, PDS InfoTech (P) Ltd.**
