

29.30.31 October 2015

Bangalore International Exhibition Center, Bengaluru

SPEAKER PROFILE

Dr. Rishi Mohan Bhatnagar

Head – Digital Enterprise Solutions,
Tech Mahindra

Dr. Rishi Mohan Bhatnagar is globally spearheading the Digital Services Offerings division at Tech Mahindra. He is PhD (IT and Computer Science), has undergone Global Program for Management Development from Michigan University, Ross School of Business (USA) and MCA from Institute of Management Technology, Ghaziabad, India. Dr. Bhatnagar is an established thought leader and a well-recognized 'Think Tank' in IoT space. He has co-authored a book on "Enterprise IoT". The IoT Project Management Framework proposed in the book has been accepted by both IIC (Industrial Internet Consortium) and Enterprise-IoT.org.

Dr. Bhatnagar has rich experience of working for Fortune 500, Telecom, BFSI, Healthcare and Public sector customers and of managing large scale outsourcing projects in multi-vendor and multi-lingual environment. Currently, he leads a highly motivated team at Tech Mahindra, involved in creation of advanced digital and connected solutions for enterprises across various verticals. The 2015 Frost & Sullivan India Customer Value Leadership Award for Digital Enterprise Transformation & IoT stands testimony to the capabilities of the group.
