

**29.30.31 October 2015**

**Bangalore International Exhibition Center, Bengaluru**

## SPEAKER PROFILE

### **Suneel Aradhye**

Group Chief Information Officer  
RPG Enterprises

**Delegate Registration**

Suneel Aradhye has multifaceted 30 years of experience, starting his career in the domain of accounting, taxation and finance in the manufacturing environment, and thereafter moving into the field of technology -- starting as a SAP functional consultant.

He was involved in several SAP implementation projects, within Indian and abroad.

Suneel has been working in IT management roles for over 14 years, and has worked in the Pharma and Steel industry before moving into the diversified conglomerate RPG Enterprises at the end of 2012.

He has led his organizations through Digital focused Business Transformation initiatives, by formulating and realizing long-term IT strategies relevant to each LoB. He was responsible for the implementation of highly complex large-scale multi-systems projects involving ERP and non-ERP solutions, including global template rollouts.

And he was leading and transforming multi-country IT teams across several businesses to improve collaboration and work as one team.

Suneel is well networked and a respected figure in the IT industry. He's a regular speaker at industry events. And he's also involved in Angel Networks for mentoring and advising early stage startups.

Academically, Suneel is a Commerce Graduate and carries professional qualifications and certifications: CA, CISA and CISM.
