

**29.30.31 October 2015**

**Bangalore International Exhibition Center, Bengaluru**

## SPEAKER PROFILE

**Ranendra Datta**

Vice President – IT  
SABMiller India Ltd

**Delegate Registration**

Ranendra is an experienced professional in business transformation and IT transformation activities. He has over 25 years of varied experience in Information Technology, including auditing activities and implementation of varied technology environments.

At SABMiller India, where he is Vice President and CIO, he is responsible for leading the entire gamut of IT operations – strategy, talent management, IT demand planning, technology innovation, business process re-engineering and systems development, and security. He's responsible for achieving key strategic business initiatives in unification with business, by providing adequate technology enabled business solutions and business intelligence reporting. He's a member of the Global Technology Council to define the roadmap for technology adoption within the global Group.

Having done programming in 'C' and COBOL during the early part of his career, he has now become a generalist as well as a Technology evangelist. He holds a Graduate degree in Statistics and Economics with a Post Graduate in Computer Applications, and an MBA degree.

Having moved across the length and breadth of India for education and work, Ranendra is now settled in Bangalore, India.
