SPEAKER PROFILE

Ravish is a well-known Information technology evangelist with a focus on the hospitality sector. He has an established track record of creating innovative technology solutions that support business growth, by increasing revenues and reducing costs.

During the past two decades, a period that has seen unprecedented growth in the application of information technology, he worked with the Hyatt Hotels and Resorts, Mars Hotels and Restaurants, Oberoi Hotels and Resorts, Leela Palaces, Hotels and Resorts, and NCR Corporation.

As a Hotels Technology leader, he has built skills in marketing, e-commerce, revenue management, data analysis, and the application of new technologies to enhance customer experience.

He serves on the boards and advisory panels of several industry bodies such as:

- InfoTech Committee Member of the Hotel Restaurants Association, West India
- Founder of the Hospitality, Healthcare, Aviation, Travel and Tourism (HATT) Global community.
